JDM Building Company

JDM Building Company (JDM) was founded by Dominic and Joseph Mancinelli in 2013 to provide discerning homebuyers with the very best in new home construction quality, standard features, and upgrade opportunities. Over the past ten years, JDM has built more than 600 homes and multiple neighborhoods across southeastern Michigan. After interviewing several highly regarded homebuilders in the Rochester Hills area and inspecting their work, we selected JDM to build our homes at Walton Oaks and Auburn Oaks because of their painstaking attention to detail, their commitment to customer satisfaction, and their track record of success.
